

DST-50

Application:

Solar energy power supply, easy operation, big LCD display screen, small size. Suitable for various refrigerant equipments such as refrigerant cabinet and display cabinet

Specification:

Mounting size: 46.2(W) * 26.7(H) (mm)

Product size: 66.5(W) * 31.7 (H) * 19 (D) (mm)

Technical parameters:

Power supply: solar battery panel and LR44 battery

Temperature measuring range:

-50°C ~ 150°C (when temperature >80°C or <-20°C, need to custom sensor wire); -58°F ~ +302°F

Resolution: 0.1

Accuracy: ±1°C (-20°C ~ +80°C);

±3°C (-50°C ~ -20°C, +80°C ~ +150°C)

Test period: 10 seconds

Operating temperature: -10°C ~ 60°C

Storage temperature: -20°C ~ 70°C

Anti-interference level: level two
